The Radfords with sixteen of their children.

Sue and Noel Radford have got seventeen **sons** and **daughters** and they've also got two **granddaughters**. It's a big family, and they're very organized. Every schoolday, the children get up early and have breakfast at 6.45 a.m.

Noel gets up at 4.45 a.m., has breakfast and goes to work in his bakery. When he has a break, he doesn't relax – he comes home and takes the children to school in the family's minibus.

Sue works at home. Her older daughter studies, but sometimes helps with the housework. The younger children don't help. In their free time, they play video games or watch TV with their **brothers** and **sisters**. Sue doesn't watch TV a lot. The Radfords don't usually go to restaurants or to the cinema because it's expensive.

BLOBFISH

we love you!

The blobfish isn't the most beautiful fish on the planet and it isn't the most common. It's a dull colour and you don't usually see it because it lives 1,000 metres under the seas near Australia.

But now the blobfish is famous because people say that it's the ugliest animal in the world. There are photos and articles about it in magazines and on the internet. This is really good for the blobfish and for other 'ugly' animals. But why?

Every year, thousands of species of animals become extinct. We often see information about the most interesting, the most beautiful and the most colourful, such as whales, butterflies or pandas. But some of the ugliest animals are also some of the rarest, and they also need our help.

On lists of the world's 'ugliest' animals, the blobfish is often number one, but there are other fantastic creatures on the lists. For example, the monkey with the biggest nose (the proboscis monkey) and the frog with the weirdest face (the purple frog).

Are they really ugly? No, they're interesting and rare. The best idea is to protect all animals.

1 Check the meaning of the words in blue in sentences 1–3. Then read the text. Which sentences does the writer agree with?

- 1 It's important to protect all animals because they are all interesting.
- 2 It's best to protect the beautiful species, not the ugly ones.
- 3 A lot of species become extinct every year. Animals in danger need our help.

2  1.32 Read and listen to the text again and write true or false.

- 1 The blobfish is quite rare.
- 2 The blobfish sometimes lives in rivers.
- 3 It's good that there are photos and articles about the blobfish.
- 4 There's a lot of information about pandas, but not whales.
- 5 The purple frog is on the ugliest animals list.

3 **VOCABULARY PLUS** Use a dictionary to check the meaning of the words in blue in the text. For more practice go to page 32 in the Workbook.

READING • Schools project

I can identify the writer's opinion.

THINK! What do you like about your school?**WORLD CLASS!**

A PROJECT BY LIAM MURPHY

This is a geography class in Bangladesh. The students are studying on a 'boat school'. It's a great idea because transport can be a big problem here when there's a lot of rain. The boat isn't moving at the moment, but at the start and end of the day, it goes along the river to the students' villages.

Eton College is one of Britain's oldest and most expensive private schools and it looks like the students are wearing Britain's oldest, most expensive uniforms! Not very practical! They're walking to a lesson. This is a boarding school - students study, eat and sleep here.

These students in a Chinese primary school aren't sleeping. They're having a break from their maths class and they're doing eye exercises. It's important to relax your eyes when you're studying, and students in China do these exercises twice a day.

This is my secondary school in Ireland. We're having a dance class and it's a lot of fun. There are a lot of traditional dances in Ireland. I'm not dancing - I'm watching the dancers. Our teachers are playing the musical instruments.

1 Read the project. Where are the schools? Is the writer positive or negative about them?

2  1.40 Read and listen to the project again and answer the questions.

- 1 When is transport a problem in Bangladesh?
- 2 What is a boarding school?
- 3 How often do Chinese students exercise their eyes?

WRITING • A food blog

I can write a food blog using sequencing words.

THINK! Who cooks in your family? What do they usually cook? Do you like cooking?

Sally's

EASY MENU BLOG

Hi. Here are my new ideas for a tasty menu.

First, I've got some snacks. I love nuts and raisins.

After that, I've got these fun egg salads for the starter (an idea from the internet).

Next is the main course. Today it's mini pizzas with tuna, red pepper and olives. I love making these. They look like faces and they taste great.

Finally, my favourite: dessert! There's hot fruit with ice cream. I like this because there aren't many ingredients and it's easy to make. Just chop some fruit, cook for ten minutes with some sugar and serve with ice cream. Mmm! Delicious!

Enjoy your meal! And join me next month for another easy menu.

7 READING • Childhood photos

A LIFE IN PHOTOS

On 23 January 1996, Munish Bansal **took** a photo of his new baby daughter Suman, who was a few hours old. Baby Suman **had** beautiful, big brown eyes and straight dark hair.

Every day after that, Munish took another photo of his daughter, sometimes in the morning, sometimes in the afternoon. Sometimes Suman was tired or sad and she didn't want to look at the camera, but she was usually happy.

In the photos Suman usually had long hair, but sometimes it was short; sometimes she had glasses and sometimes she didn't have glasses. From one day to the next Suman didn't change a lot, but every month and year she **grew** or **changed** a little.

On her eighteenth birthday, 6,575 days after she was born, Munish took a photo of his daughter as usual. The same as in the first photo, Suman had beautiful, big brown eyes and straight black hair, but in this photo she was an adult, not a baby.

Munish **collected** all of the 6,575 photos, **made** one big picture from them, and **gave** it to her as a present. It was the picture of Suman's life.

CURRICULUM EXTRA • Geography: Reading a map

path hill railway forest river road

- 2 3.21 Read and listen to the text again. What other symbols are on a map?

MAPS

A map is a representation of a place. It's got a scale and a legend. A scale of 1:100,000 means that one centimetre on the map equals 100,000 centimetres, or one kilometre, in the place.

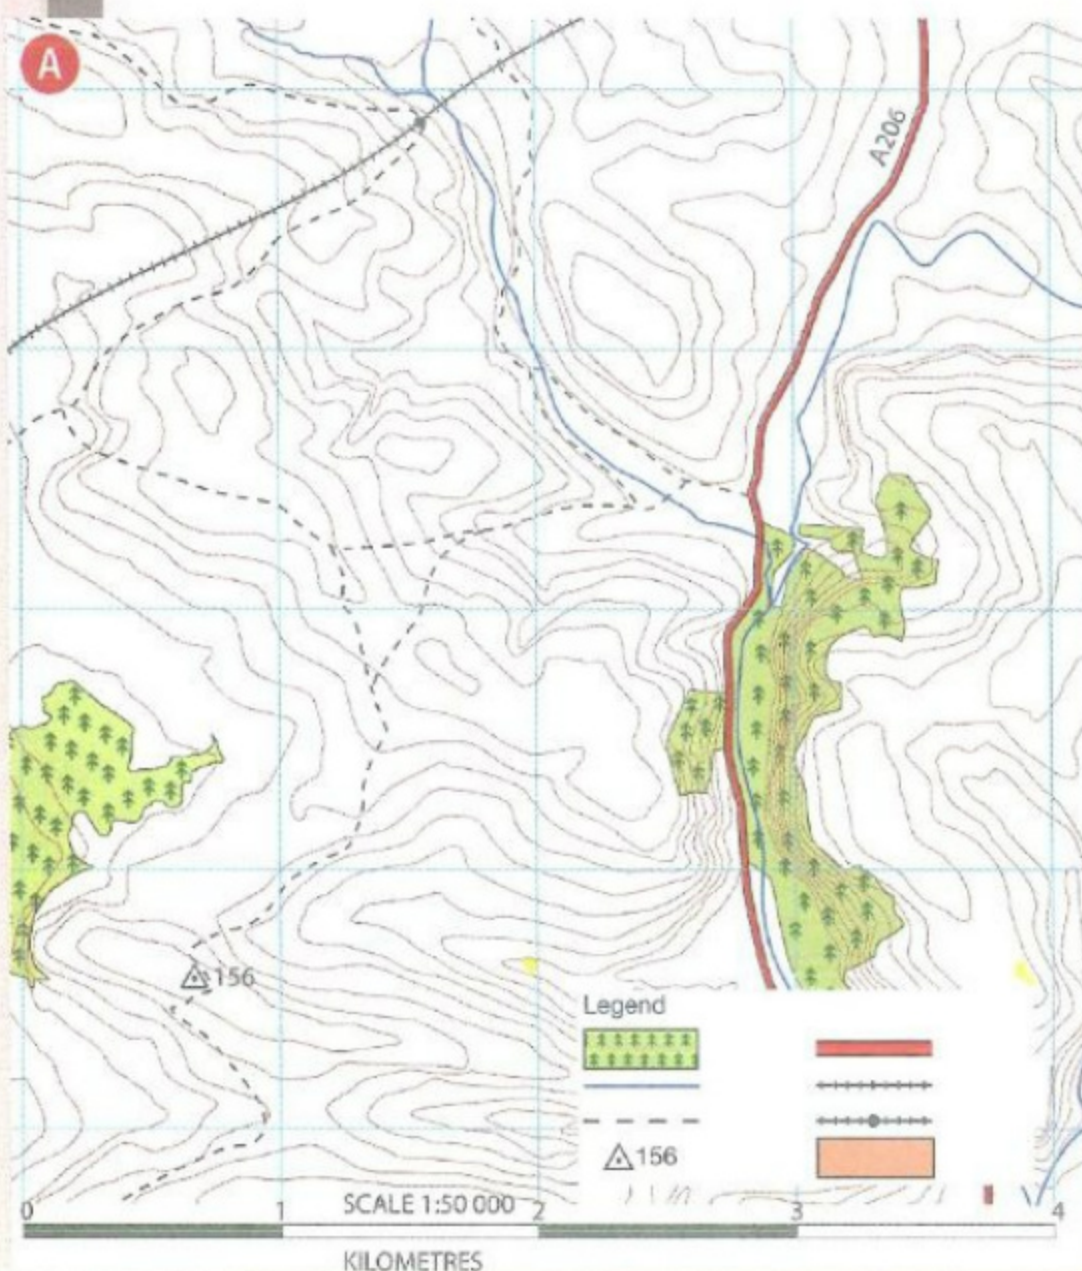

There are some symbols in the legend. An area with green trees is a forest, and a blue line is a river. A black dotted line is a path. There is a small black triangle and a number for a hill. The number – for example 112 – means that the hill is 112 metres high. Red lines are roads, and a railway is a black line with smaller lines on it. A black circle on a railway is a train station. A red area is a city or town. Next to the red area is the name of the city.

- 3 Look at map A and choose the correct words. The scale is ¹1:100,000 / 1:50,000. There are a lot of ²paths / railways on this map, and there's one ³hill / forest. It is ⁴246 / 156 metres high. There's also a big ⁵town / road and a ⁶train station / city on the map.

- 4 Look at map B and answer the questions.

- 1 What is the scale of the map?
- 2 How many hills are there on the map?
- 3 How high are they?
- 4 How many forests are there?
- 5 Are there any roads on the map?
- 6 Is there a railway?
- 7 Are there any paths on the map?
- 8 Is there a city on the map? What's it called?

- 5 **USE IT!** Work in pairs. Draw a map of a place you know or an imaginary place. Then work with another pair and ask and answer the questions in exercise 4 about your maps.

- 1 Check the meaning of the words in the box. Read the text and match the words to numbers 1–7 on the map.

longitude Prime Meridian
Greenwich Mean Time east west

Time Zones

Time zones help us know what time it is in different parts of the world. This is because when the Earth rotates, the sun shines on only one part of the Earth, so when it's the morning in your country, it's night-time in another country.

The Earth has got twenty-four time zones. The lines for each time zone go from north to south. These are called lines of longitude. The line on the map at 0° longitude is called the Prime Meridian. This line goes through Greenwich, in London. The time there is called Greenwich Mean Time (GMT).

The Earth rotates 15° of longitude every hour (24 x 15° = 360°). Places east of the Prime Meridian are ahead of GMT. For example, Istanbul is about 30° east of the Prime Meridian, so the time there is GMT plus two hours. Places west of the Prime Meridian are behind GMT. For example, Rio is about 45° west of the Prime Meridian, so the time there is GMT minus three hours. So when it is 12 p.m. in London, it is 2 p.m. in Istanbul and 9 a.m. in Rio.

- 2 3.22 Read and listen to the text again and write *true* or *false*. Correct the false sentences.

THE ADVENTURES OF TOM SAWYER

The summer holidays came, and there was no school. Tom didn't want to think about Muff Potter and Injun Joe, but it wasn't easy. At night, when he was in bed, he saw Injun Joe's face in the dark, and he couldn't sleep. But he couldn't talk to anyone about it.

One hot summer's day he and Joe Harper were down by the Mississippi River. They sat and watched the boats, and fished and talked.

'Let's get away from here!' said Tom, suddenly.
'Let's go and do something exciting somewhere.'
'OK,' said Joe. 'But what? And where?'

'I know,' Tom said. 'Let's run away. Let's go and live on Jackson's Island. We can sleep out, under the trees.'

Jackson's Island was in the Mississippi, three miles south of St Petersburg. Nobody lived there.

'Let's ask Huck Finn, too,' said Tom. 'But don't tell your mother or father or anyone. Go home and get some things to eat, and meet me here at midnight.'

So that night three boys in a small boat went down the river to Jackson's Island. They had some bread and some meat, and Huck had his pipe, too. When they got there, they carried everything on to the island and made a fire, under a big old tree. Then they cooked some of the meat over the fire, and oh, that meat was so good – the best dinner in the world! Soon, they stopped talking, their eyes closed and they slept.

I ♥ Liverpool

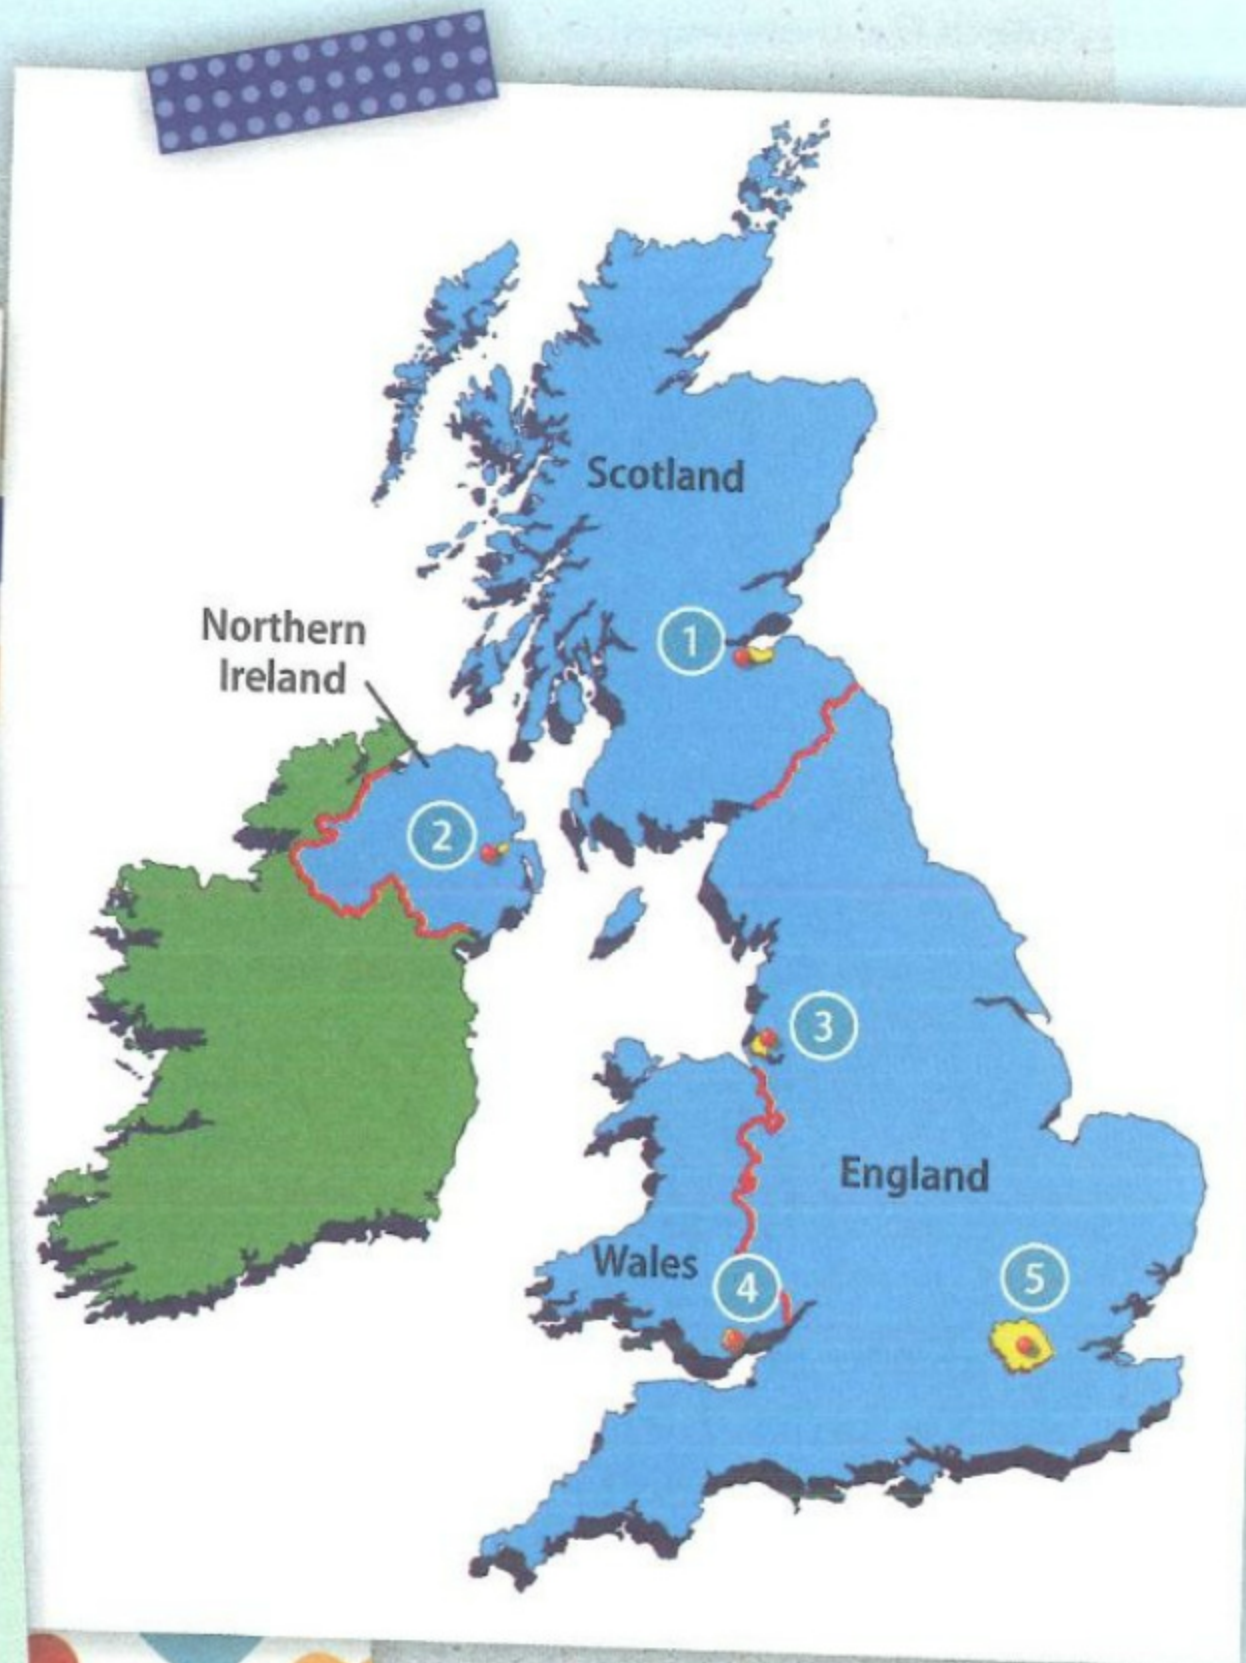

Hi. I'm Toby and I'm from Liverpool in the north-west of England. It's a big city, but it's really friendly. There are a lot of interesting things to see and do here. Liverpool is on the River Mersey and my favourite place is the Albert Dock. This is a group of old buildings by the river. There are cafes and restaurants, an art gallery and some museums. Anfield Stadium is a fantastic place to visit if you're into football.

My family are British, but we're from different places. My mum's from Belfast in Northern Ireland, and my dad's from Cardiff in Wales. My sister is at university in Edinburgh in Scotland. That means I've got family in every capital city in Britain except London. London's the biggest capital in the UK. There are over eight million people there. It's an exciting place to visit, but I think the people in Liverpool are friendlier!

Weird Festivals

Welly Wanging

Do you like interesting sports? Have you got any green wellies*? Then you are ready for 'welly wanging'! Every year there is a Welly Wanging World Championship in Upperthong, a village in Yorkshire, England. What does 'welly wanging' mean? In Yorkshire they don't say 'throw' – they say 'wang'. In this sport, if you 'wang' your welly further than the others, you win. It's great fun! There are four competitions: for men, women, boys and girls. It's easy to 'wang' your welly, but it's more difficult to win. Adult winners get a trophy, and the children get some money – but not very much. Football and rugby are bigger sports, but welly wanging is more fun!

Camel Cup

The Camel Cup is a day of camel races in Alice Springs, Australia. Every July, 5,000 people from all over the world visit the festival. The camels are slower (and uglier!) than horses, but faster than you think. They are noisy animals, and difficult to ride. It is very exciting to watch. It is also very funny.

There are nine races during the day, and a carnival atmosphere. People eat a lot, wear colourful clothes and watch the races. They sometimes ride the camels, too!

- 1 Where is Olivia?
- 2 What is she doing?

My Mum is My Teacher

It's 9.30 on Tuesday morning and I'm studying, but I'm not at school. That's because I'm home-educated. All children in Britain between five and eighteen must have an education. This is usually at school, but it can be at home. School's boring for me because the lessons are really easy, so I stay at home and my mum teaches me.

I study the same subjects as students at school, but I can learn at my level. I'm really good at maths, so I can take my maths GCSE* in May. Students take that exam when they're fifteen or sixteen, but I'm only twelve.

I usually study for five hours a day. I don't wear a uniform; I can work in my pyjamas if I want! There's a computer in my 'classroom' and I do a lot of work using DVD-ROMs and the internet. I practise the violin every day and I play in an orchestra once a week.

I love learning at home. I haven't got any brothers or sisters, but I'm never lonely. I go to a sports club at the weekends and I've got a lot of friends. Some of them also study at home, so we sometimes chat online.

More than 50,000 people can watch a baseball game there - and not all the tickets are very expensive.

Derek Jeter was one of the biggest Yankee stars. He played more than 2,700 games for the Yankees in his career.

AMELIA EARHART

Amelia Earhart was the most famous female pilot of all time. She was born in 1897. She grew up in Kansas in the USA. She did well at school, but she didn't finish university. There was a war, so she became a nurse.

Her life changed when she was twenty-three. That's when she first flew in a plane. She wasn't the pilot, but after this she became very interested in flying. She learned to fly and in 1921 she flew solo* for the first time. The next year she bought her own plane. She named it 'The Canary'.

Amelia Earhart was very brave. In 1932 she became the first woman to fly solo across the Atlantic – in a record time of fourteen hours and fifty-six minutes. She flew from Canada to Northern Ireland. The President gave her a medal. Amelia Earhart was suddenly famous!

She competed in many flying races and broke many records. She also wrote popular books about flying. In 1937 she tried to fly around the world. Sadly, she didn't return. Nobody knows what happened exactly. Her plane probably crashed, but they didn't find her or her plane. Amelia Earhart was only forty-one when she died.

Theme Parks, USA

Theme parks are where you find rollercoasters and rides. They are very popular in the USA. There are more than 300 theme parks there, and they are all very friendly places with a lot of exciting things to do.

The first big American theme park was Disneyland. It opened in 1955 in California and people loved it, especially families with children.

Americans wanted more, and so the number of theme parks in the country grew.

Walt Disney World in Florida had its first visitors in 1971. It is still open today and it is very successful. In 2013, more than eighteen million people visited the Magic Kingdom there.

The rides at modern American theme parks are faster and more exciting than in the past – but they are very safe. The bravest people can go on the ‘thrill rides’ – these are scary rides that use a lot of expensive technology. There are also family rides and water rides. These rides are great for children.

Theme parks have got a lot to offer – more than just rides and rollercoasters. There are also shops, cafes, restaurants, shows and concerts. Families sometimes have a holiday at a theme park and stay in a hotel there.

- 4 Present the results of your survey to your class.
- 5 Make a class poster with the different bar charts. Put some photos or pictures on your poster.

4 Look at your class poster. Which bar chart is the most interesting? Why?

A Class Survey

A class survey is when you ask everyone the same question and write down all the answers. It's really interesting when you use all the information to make a bar chart – and it looks great. In this bar chart you can see what the students in my class usually do before school.

1  Work in pairs. Ask and answer the questions.

- 1 What do you like and dislike about your school?
- 2 What is your favourite school subject? Why?
- 3 What are the people doing in the photos?
- 4 What ideas have you got for your dream school?

2 Read the text. How many of your ideas are the same?

3 Make a poster about your dream school. Follow the steps in the project checklist.

PROJECT CHECKLIST

- 1 Work in groups. Think about your dream school. Write short texts about each of these things:
 - the surroundings
 - the building
 - the classrooms
 - the canteen
 - the people

- 2 Draw some pictures or find some photos for your poster.
- 3 Make a poster with your texts and photos / pictures.

My Dream School

Surroundings

My dream school is in a park. There are a lot of trees and a school garden.

4 Look at the other posters. Which dream school do you like the best? Why?

Building

The school is in a big and modern building and it's very colourful. It has got big windows. It isn't dirty or ugly. There's also a really good sports centre.

Classrooms

Every classroom has the most modern technology such as laptops and interactive whiteboards.

In this photo the students are watching a video and finding information for a project. They're working hard, but they're also having fun.

People

The teachers and students are really friendly and like the school.

Canteen

The canteen is amazing! The food is very healthy and tasty. Some of the vegetables come from the school garden.

Timetable

We have classes five days a week from 10 a.m. to 2 p.m. The lessons are always interesting and students can study subjects that they like, for example, music, art, dance or sport.

In this photo, the students are painting in an art class.

1 Read the text about the new sports and answer the questions.

- 1 Which sport is a team game?
- 2 Which sport do you play in a park or on a special course?
- 3 Which sport do you think is the most interesting?

2 Invent a new hybrid sport. Follow the steps in the project checklist.

PROJECT CHECKLIST

1 Choose two sports in the box.

 - why you think it's a great sport
- 4 Draw a picture of your sport or use a computer to make one.
- 5 Present your new hybrid sport to your class.
- 6 Collect all the ideas for the new hybrid sports and make a class poster.

3 Look at your class poster and answer the questions.

- 1 Which hybrid sport looks the most fun?
- 2 Which one looks the most dangerous?
- 3 Which one looks the most difficult?
- 4 Which one looks the most expensive?

Hybrid Sports

Take two sports and put them together. What have you got? A new sport! There are a lot of these new sports – or 'hybrid' sports – around the world. For example, if you're into football, why don't you try one of these?

Footvolley

Octavio de Moraes invented footvolley in 1965. He wanted to play football with his friends on Copacabana beach, but in Brazil there was a rule: no football games on the beach. So Octavio and his friends invented a new game: footvolley.

It's similar to beach volleyball, but you play it with a football and you can't use your hands! There are normally two players on a team.

Footgolf

Footgolf is a hybrid of football and golf. You play it on a special golf course or a park. The rules are not very difficult. It's similar to golf, but you use a football. The players don't hit the ball; they kick it. Footgolfers say the best thing about their sport is that you don't need a lot of money to play – all you need is a football and a place to play.

1 Look at the posters about holidays and answer the questions.

- 1 Which holiday is best for people who like sport?
- 2 Which holiday is best for people who enjoy art?

We stayed at the Old Bank Hotel in the city centre. There was a lot to see and I took hundreds of photographs of the colleges! In my free time I went to the Covered Market and bought some cool presents for my friends. The best thing was the ice cream at G&D's – it was delicious and the man in the cafe was very friendly. I didn't really enjoy going punting because it was quite difficult and I fell into the river!

The Story of Your Life

This is the story, the story of your life.
Who, what, when, how and where.

The story of your life.

Where did you live when you were young?
When you were ¹at school did you have fun?
I've got more questions – here's a difficult one:
What did you look like when you were young?

I lived in a ²town when I was young.
We ³walked to the beach for holiday fun.
I had red hair and my eyes were blue.
I was slim with glasses when I left school.
When I grew up I was very ⁴short.
I had a ⁵beard, but I wasn't bald.
Ask another question, but don't take too long
Because I don't think this is a very good song.
A very good song.

This is the story, the story of your life.
Who, what, when, how and where.
Where did you live, and when did you leave there?
The story of your life.

Did you go to university when you ⁶finished school?
Did you get a job? Was it fun?
I've got more questions – here's another one:
What did you want to ⁷do when you were young?

When I left school, I ⁸found a job,
I didn't ⁹work much, but I learned a lot.
I ¹⁰tried to be in a football team
And be on TV playing a lot of sport.
Ask another question,
A more interesting one,
Because I don't think this is a very good song.
A very good song.

- 1  3.36 Look at the picture and listen to the song. Which boy is in the song?
