How to protect the environment?

1. Reduce plastic

Reason:

Using less disposable plastic reduces waste.

Example:

We can carry a reusable bottle and shopping bag.

2. Recycle

Reason:

Recycling gives suitable old materials another use.

Example:

We can sort paper and bottles for collection.

3. Plant trees

Reason:

Trees provide shade and support living things.

Example:

We can join a local tree-planting activity.

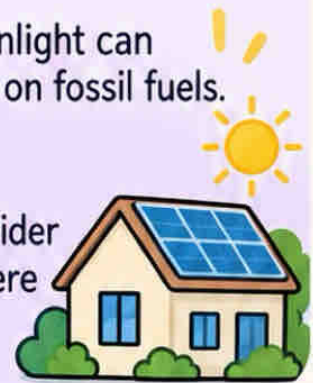

4. Use renewable energy

Reason:

Energy from sunlight can reduce reliance on fossil fuels.

Example:

People can consider solar power where it is practical.

5. Join campaigns

Reason:

Campaigns help spread useful environmental habits.

Example:

We can join a school awareness campaign.

6. Take public transport

Reason:

Sharing transport can reduce individual car journeys.

Example:

We can use a suitable bus route.

PART 3 • MODEL DIALOGUE

How to protect the environment?

ROUND 1 • DISCUSS TOGETHER

A

Hi! Let's discuss ways to protect the environment.

B

Hi! What do you think about this topic?

A

First of all, using less disposable plastic reduces waste. For example, we can carry a reusable bottle and shopping bag. Do you agree?

B

Yes, I agree. Moreover, recycling gives suitable old materials another use. For example, we can sort paper and bottles for collection. What do you think?

A

Yes, you're right. Furthermore, trees provide shade and support living things. For example, we can join a local tree-planting activity. Do you agree?

B

I agree. Another point is that energy from sunlight can reduce reliance on fossil fuels. For example, people can consider solar power where it is practical. What do you think?

A

In addition, campaigns help spread useful environmental habits. For example, we can join a school awareness campaign. Do you agree?

B

Yes. Finally, sharing transport can reduce individual car journeys. For example, we can use a suitable bus route. That's all from us. Thank you.

ROUND 2 • AGREE ON ONE POINT

A

We both agree that reducing plastic is the best everyday way to protect the environment because we can reduce the rubbish we throw away. What do you think?

B

I agree with you because we can reuse the same bottle and bag many times. Shall we end our discussion here?

A

Yes, thank you.

B

Thank you.

PART 3 • DISCUSS TOGETHER

Education

More job opportunities

Police patrol

How to prevent crimes?

Law and punishment

More street lights

Neighbourhood watch

How to prevent crimes?

PART 3 • SUGGESTED POINTS

1 Education

Reason: Education helps people understand rules and make better choices.

Example: Schools can teach how our actions affect others.

2 More job opportunities

Reason: Suitable work can reduce some financial pressures.

Example: Training programmes can help people find jobs.

3 Police patrol

Reason: Police patrols can help respond to local safety concerns.

Example: Police can patrol areas where problems have been reported.

4 Law and punishment

Reason: Fair laws help hold offenders responsible for their actions.

Example: Authorities can apply suitable consequences through proper procedures.

5 More street lights

Reason: Good lighting makes public paths easier to see.

Example: Councils can improve lighting on dark walkways.

6 Neighbourhood watch

Reason: Neighbours can share concerns and support a safer area.

Example: Residents can pass safety information to the authorities.

PART 3 • MODEL DIALOGUE

How to prevent crimes?

ROUND 1 • DISCUSS TOGETHER

A

Hi! Let's discuss ways to prevent crime.

B

Hi! What do you think about this topic?

A

First of all, education helps people understand rules and make better choices. For example, schools can teach how our actions affect others. Do you agree?

B

Yes, I agree. Moreover, suitable work can reduce some financial pressures. For example, training programmes can help people find jobs. What do you think?

B

Yes. Finally, neighbours can share concerns and support a safer area. For example, residents can pass safety information to the authorities. That's all from us. Thank you.

ROUND 2 • AGREE ON ONE POINT

A

We both agree that education is the most important way to prevent crime because people need to understand how their choices affect others. What do you think?

B

I agree with you because learning about rules can encourage responsible behaviour. Shall we end our discussion here?

A

Yes, thank you.

B

Thank you.

PART 3 • DISCUSS TOGETHER

**Give them
healthy food**

**Keep them
clean**

**Provide
a safe place
to live**

**How to take
good care of
your pets?**

**Visit
the vet**

**Show love
and attention**

**Give them
exercise**

PART 3 • SUGGESTED POINTS

How to take good care of your pets?

1 Give them healthy food

Reason: Pets need suitable food for their age and species.

Example: We can ask a vet which food is right for our pet.

2 Keep them clean

Reason: Proper cleaning helps pets stay comfortable.

Example: We can keep their bedding clean.

3 Provide a safe place to live

Reason: Pets need shelter and a safe space.

Example: We can provide clean bedding away from hazards.

4 Visit the vet

Reason: A vet can check a pet's health and treat problems.

Example: We can arrange a check-up and follow the vet's advice.

5 Show love and attention

Reason: Pets need patient care and suitable interaction.

Example: We can spend calm time with them and learn their needs.

6 Give them exercise

Reason: Suitable activity helps many pets stay active.

Example: We can walk a dog according to its needs.

PART 3 • MODEL DIALOGUE

How to take good care of your pets?

ROUND 1 • DISCUSS TOGETHER

A Hi! Let's discuss ways to take good care of pets.

B Hi! What do you think about this topic?

A First of all, pets need suitable food for their age and species. For example, we can ask a vet which food is right for our pet. Do you agree?
