

HOW CONTENT CREATORS INFLUENCE OUR LIVES

(SELANGOR 2026)

SHOPPING A	FASHION B
<p>Let's talk about 'How Content Creators Influence Our Lives'. Firstly, content creators influence our lives through shopping. They often review and promote products on social media. This can encourage people to buy the things they see online. For example, many people buy skincare products or gadgets after watching reviews on TikTok or YouTube. Do you agree?</p>	<p>Yes, I agree. Secondly, content creators influence our lives through fashion. Many young people follow the styles that content creators wear. This can change the way people dress and choose their outfits. For example, teenagers may copy outfit ideas from 'Outfit of the Day' videos on Instagram or TikTok. Do you agree?</p>
AWARENESS ON IMPORTANT ISSUES A	SHAPE OUR DAILY ROUTINE B
<p>Yes, I agree. Thirdly, content creators influence our lives by creating awareness on important issues. They can share information with millions of followers quickly. This can encourage people to care more about society and the environment. For example, they can create videos about mental health, recycling or road safety. Do you agree with me?</p>	<p>Yes, I agree with you. Next, content creators influence our lives by shaping our daily routine. Many people follow the habits they see in videos. This can help them build a healthier and more organised lifestyle. For example, people may start waking up early, exercising or eating healthy food after watching 'day in my life' videos. Do you agree with me?</p>
EDUCATE ON FINANCE A	ENTERTAINMENT B
<p>Yes, I agree with you. Then, content creators influence our lives by educating us on finance. Some content creators share simple tips on how to manage money wisely. This can help young people save money and avoid unnecessary spending. For example, they can teach viewers how to make a budget or save part of their pocket money every month. What do you think?</p>	<p>You are right. Lastly, content creators influence our lives through entertainment. They create fun and interesting content that people enjoy watching. This can help people relax and reduce stress after a long day. For example, people can watch comedy sketches, travel vlogs or cooking videos in their free time. That is all from us. Thank you.</p>

DECIDE TOGETHER WHICH IS THE MOST POPULAR WAY CONTENT CREATORS INFLUENCE OUR LIVES

<p>A: In my opinion, I choose 'Shopping' because it is the most popular way content creators influence our lives. Many people trust product reviews from content creators before they decide to buy something. What do you think?</p>	<p>B: You are right. In my opinion, I also choose 'Shopping' because many content creators promote products through live selling and affiliate links. For example, people can buy products directly on TikTok Shop with just a few clicks. Thank you.</p>

WHY IS IT IMPORTANT TO SET LIMITS ON SOCIAL MEDIA USE

<p>A: In my opinion, it is important to set limits on social media use because spending too much time online can affect our health. People may suffer from eye strain, lack of sleep and stress. They may also have less time for studying and other activities.</p>	<p>B: In my opinion, setting limits on social media use is important because it helps us spend more quality time with our family and friends. Too much screen time can make people less connected with others in real life. It can also help us focus better on our studies.</p>

WHAT JOBS TEENAGERS LIKE TO DO IN THE FUTURE

(SELANGOR 2026)

CONTENT CREATOR	A	PERSONAL SHOPPER	B
Let's talk about 'What Jobs Teenagers Like To Do In The Future'. Firstly, teenagers like to become content creators in the future. They can share their ideas and talents with people around the world. This job also allows them to earn money from home. For example, they can make cooking, travel or gaming videos on YouTube and TikTok. Do you agree?		Yes, I agree. Secondly, teenagers like to become personal shoppers in the future. They enjoy shopping and choosing the best products for other people. This job allows them to turn their love for shopping into a way to earn money. For example, they can help busy customers buy clothes, groceries or gifts. Do you agree?	
GAMER	A	PERSONAL TRAINER	B
Yes, I agree. Thirdly, teenagers like to become gamers in the future. Many teenagers spend a lot of time playing online games. This job can turn their hobby into a career and help them become famous. For example, professional gamers can join e-sports tournaments and win big prizes. Do you agree with me?		Yes, I agree with you. Next, teenagers like to become personal trainers in the future. More people today want to live a healthy lifestyle. This job allows them to stay fit while helping others reach their fitness goals. For example, they can guide clients to exercise properly at the gym or through online classes. Do you agree with me?	
ARTIST	A	FASHION DESIGNER	B
Yes, I agree with you. Then, teenagers like to become artists in the future. They can express their creativity and feelings through their work. This job allows them to do what they love every day. For example, they can draw digital art, paint murals or design posters and sell them online. What do you think?		You are right. Lastly, teenagers like to become fashion designers in the future. Many teenagers love following the latest fashion trends. This job allows them to create their own unique styles and clothes. For example, they can design modern baju kurung or start their own clothing brand online. That is all from us. Thank you.	

DECIDE TOGETHER WHICH IS THE MOST POPULAR JOB TEENAGERS WANT TO DO IN THE FUTURE

A: In my opinion, I choose 'Content Creator' because it is the most popular job teenagers want to do in the future. Teenagers spend a lot of time on social media and they look up to famous content creators. What do you think?	B: You are right. In my opinion, I also choose 'Content Creator' because this job is flexible and does not need a lot of money to start. For example, teenagers only need a smartphone to start making videos. Thank you.

WHY AI IS IMPORTANT IN THE FUTURE

(SELANGOR 2026)

ENHANCES CREATIVITY A	IMPROVES COMMUNICATION B
Let's talk about 'Why AI Is Important In The Future'. Firstly, AI is important in the future because it enhances creativity. AI tools can give people new ideas quickly. This helps them create better and more interesting work. For example, students can use AI to get ideas for their essays, posters or art projects. Do you agree?	Yes, I agree. Secondly, AI is important in the future because it improves communication. AI can translate different languages quickly and accurately. This helps people from different countries understand each other better. For example, tourists can use translation apps to talk with local people when they travel abroad. Do you agree?
REDUCES HUMAN ERRORS A	BETTER HEALTHCARE B
Yes, I agree. Thirdly, AI is important in the future because it reduces human errors. AI can do tasks carefully without getting tired. This makes work more accurate and safer. For example, AI can check calculations in banks or help factories produce goods with fewer mistakes. Do you agree with me?	Yes, I agree with you. Next, AI is important in the future because it provides better healthcare. AI can help doctors study medical reports faster. This allows patients to get the right treatment earlier. For example, AI can help doctors detect diseases such as cancer from X-ray images. Do you agree with me?
SUPPORTS LEARNING A	SOLVES PROBLEMS B
Yes, I agree with you. Then, AI is important in the future because it supports learning. AI can explain lessons in a simple way and answer questions anytime. This helps students understand difficult topics better. For example, students can use AI apps to practise grammar or revise for their examinations. What do you think?	You are right. Lastly, AI is important in the future because it solves problems. AI can study a lot of information and find solutions quickly. This helps people make better decisions. For example, AI can predict floods or traffic jams so that people can prepare early. That is all from us. Thank you.

DECIDE TOGETHER WHICH IS THE MOST IMPORTANT REASON WHY AI IS IMPORTANT IN THE FUTURE

A: In my opinion, I choose 'Better Healthcare' because AI can help save many lives. Doctors can find diseases earlier and give patients the right treatment quickly. What do you think?	B: You are right. In my opinion, I also choose 'Better Healthcare' because good health is the most important thing in our lives. For example, AI can help doctors in rural areas give better treatment to their patients. Thank you.

DO YOU THINK THE USAGE OF AI SHOULD BE CONTROLLED? WHY OR WHY NOT?

A: In my opinion, the usage of AI should be controlled because some people may misuse it. For example, they can use AI to create fake news or fake videos. This can confuse and harm other people.	B: In my opinion, the usage of AI should be controlled because students may depend on it too much. They may stop thinking on their own and become lazy. Clear rules can help students use AI wisely for learning.
