B1 LEVEL (Basic)

Simple and Clear

Good morning. Today I will talk about a healthy diet.

Firstly, a healthy diet means eating different kinds of food like fruits, vegetables, rice, meat and drinking water. It also means avoiding too much sugar, salt and junk food.

Next, we should follow a healthy diet because it keeps our body strong and helps us stay healthy. It gives us energy to study and do our daily activities.

Furthermore, some teenagers do not practise a healthy diet. They often eat fast food, drink sweet drinks and snacks because they are busy, like the taste and follow their friends.

Lastly, to maintain a healthy diet, we can choose healthy food, drink plenty of water, eat at regular times and avoid junk food.

Overall, a healthy diet is important for a stronger body and a happier life.

Eat Well
Be Well

B2 LEVEL (Independent)

More Details and Examples

Good morning. Today I will talk about a healthy diet.

Firstly, a healthy diet refers to a balanced and nutritious variety of food, including fruits, vegetables, whole grains, lean meat and drinking enough water, while limiting processed food, sugar and unhealthy fats.

Next, we should follow a healthy diet because it helps us maintain a healthy weight, gives us energy to study and take part in activities, and also strengthens our immune system. It can also improve our concentration and mental well-being.

Furthermore, many teenagers do not practise a healthy diet. For example, they often choose fast food, sugary drinks and snacks because they are busy, influenced by friends or social media, and find it more convenient and tasty.

Lastly, to maintain a healthy diet, we can plan our meals, choose fresh and home-cooked food, drink enough water, eat more fruits and vegetables, and reduce junk food. Regular exercise and adequate sleep also help.

Overall, a healthy diet is the key to a stronger body, a brighter mind and a happier future.

Good Food Good Mood

C2 LEVEL (Proficient)

Fluent and Sophisticated

Good morning. Today I will talk about a healthy diet.

Firstly, a healthy diet refers to a well-balanced and varied intake of nutrient-rich foods such as fresh fruits and vegetables, whole grains, lean protein and healthy fats, while minimizing processed foods, added sugar and excessive salt.

Next, we should follow a healthy diet because it is essential for our physical health, mental well-being and long-term quality of life. It helps prevent non-communicable diseases, boosts energy levels, enhances concentration and supports a positive mood, which is particularly important for students.

Furthermore, not all teenagers practise a healthy diet. Many tend to consume fast food, sugary drinks and high-calorie snacks due to busy schedules, peer influence, clever marketing on social media and the perception that unhealthy food is more convenient and appealing.

In addition, to maintain a healthy diet, we can set realistic goals, plan our meals, choose whole and natural foods, stay hydrated, limit junk food and practise portion control. Regular exercise, adequate sleep and self-discipline also play an important role.

Overall, adopting a healthy diet is a valuable investment in our present and future, as it enables us to live healthier, happier and more fulfilling lives.

Candidate A – Speaking Frames (C1)

A: Hello. May I start first? Today I will talk about how teenagers can protect themselves when shopping online. **To start off**, I think we should use trusted websites because they are more reliable and safer.

A: **Firstly**, trusted websites usually have security features and verified sellers, which reduce the risk of fraud. For example, well-known platforms often monitor transactions and protect customers' data.

A: **In addition**, I believe teenagers should think carefully before buying anything. Online shops often use attractive adverts, which can lead to impulse buying. As a result, teens may waste money or end up with poor-quality products.

A: **Moreover**, we should avoid clicking on suspicious links. These links can lead to fake websites or scams that steal our personal information.

A: **Overall**, I strongly believe that by being careful and making informed choices, we can enjoy online shopping while staying safe.

Candidate B – Speaking Frames (C1)

B: Thank you. I agree with your point about trusted websites. I would also like to add that we should **check reviews and ratings** before making a purchase because they give us real feedback from other users.

B: **Furthermore**, I think it is important to avoid clicking on suspicious links. These links can lead to fake websites or scams, which may steal our personal information. For instance, scammers may send messages with special discounts, but they are not real.

B: **Moreover**, we should use safer payment methods such as e-wallets or credit cards, and avoid sharing personal information like our ID number or home address.

B: **In addition**, we should not share personal information with strangers because it can be misused for fraud or identity theft. We should always keep our personal data private.

B: **Overall**, I agree that if we are more careful and follow these safety measures, we can enjoy online shopping and avoid risks.
